Professional Summary : Motivated and detail-oriented technology professional currently pursuing a Bachelor of Science in Computer Science with a strong foundation in IT systems, software development, and cybersecurity principles. Experienced in troubleshooting technical systems, supporting operational technologies, and working in fast-paced environments that require accuracy, documentation, and problem-solving. Skilled in programming, database concepts, and system analysis, with hands-on experience using programming languages and tools such as Git, Python, Java, SQL, and cloud platforms. Adept at collaborating with cross-functional teams and quickly learning new technologies. Passionate about leveraging technology to improve system efficiency, automation, and security while continuing to grow in software engineering or systems engineering roles.

Key Skills & Experience

- Inventory & Asset Management
- Cycle Counts, Audits & Reconciliation
- Inbound / Outbound Logistics
- PO Receiving & Documentation
- Ticket Submission, Tracking & Escalation
- IT & Systems Troubleshooting
- Security & Compliance Awareness
- Vendor & Stakeholder Coordination
- Safety Practices & Heavy-Load Environments
- Process Improvement & Documentation

Professional Experience

Walmart Distribution Center – Litchfield Park, AZ

Supply Chain Systems Operator | April 2024 – March 2026

- Support inventory and asset systems used in daily operations, ensuring accuracy between physical inventory and system records.
- Perform system monitoring, preventative checks, and troubleshooting to reduce operational disruptions.
- Investigate inventory and system discrepancies; document findings and assist with corrective actions.

- Submit, track, and follow up on tickets related to inventory, assets, hardware, and system issues.
- Coordinate with IT teams, operations, and leadership to resolve escalations and unblock workflows.
- Maintain organized documentation, pass-down reports, and audit-ready records.
- Support security measures to safeguard systems, data, and assets.

Walmart Distribution Center – Litchfield Park, AZ

Online Receiver / Level 4 CSD Trainer | August 2022 – April 2024

- Received, verified, and system-entered inbound inventory with a strong focus on accuracy and traceability.
- Executed PO receiving and ensured correct matching of physical inventory to system data.
- Supported inventory control, quality checks, and audit preparation.
- Trained new associates on receiving processes, system usage, and safety standards.
- Assisted leadership with escalated receiving and inventory issues.

Eco Service LLC – Tolleson, AZ

Shipping & Receiving Clerk / Customer Service | June 2020 – June 2022

- Processed inbound and outbound shipments and documentation.
- Managed loading and unloading activities for drivers while ensuring inventory accuracy.
- Resolved discrepancies by reviewing paperwork and system records.
- Provided customer support via phone and email while maintaining detailed documentation.

Central Garden & Pet – Surprise, AZ

Production Associate / Line Lead | December 2018 – December 2019

- Supported production line operations in a fast-paced environment.
- Trained and supervised new hires on production processes and safety practices.
- Managed paperwork and documentation for production activities.

Magellan Aerospace – Glendale, AZ

NDT Level 1 Trainee | May 2017 – September 2017

- Conducted non-destructive testing following established aerospace procedures.
- Reviewed radiographic results to identify defects.
- Prepared detailed reports supporting quality and compliance audits.

Magellan Aerospace – Glendale, AZ

X-Ray Film Processor | November 2016 – May 2017

- Processed x-ray films using specialized equipment in a regulated environment.
- Ensured proper handling, documentation, and delivery of processed materials.
- Coordinated closely with technicians to support inspection workflows.

Euravia North America – Glendale, AZ

Shipping & Receiving Clerk | September 2012 – September 2016

- Prepared and packaged parts for shipment.
- Managed shipping documents and scheduled pickups and deliveries.
- Ensured accurate matching of receipts, inventory, and purchase orders.

Education

Bachelor of Science in Computer Science

Southern New Hampshire University

Jan 2025 – Present (1+ year remaining; prior coursework credited)

Bachelor of Science in Computer Science

AMA Computer College – Philippines

Technical Skills

- Programming Languages: JavaScript, HTML, CSS, Java, Python, MySQL, C++
- Frameworks & Libraries: Bootstrap, ReactJS, jQuery
- Cybersecurity & IT: Intrusion Detection, Risk Analysis, Network Security, Troubleshooting
- Tools & Platforms: Git, GitHub, Jasmine, Nmap, Wireshark, Hyper-V, Microsoft Azure, Microsoft Entra ID, Active Directory, Ticketing Systems (ServiceNow, Jira), MIST, Drax, Tableau, Power Automate, BMAT
- Collaboration & Productivity: SharePoint, Microsoft Teams, Microsoft Office Suite, Slack

Certifications

- Cybersecurity Certificate – Chegg (Thinkful) (February 2023 – September 2023)
- Software Development Career Certificate – Springboard (March 2023- December 2023)
- CompTIA A+ Core 1 – Course Completion (Udemy)
- Information Security Foundation Certificate (Coursera)
- Cybersecurity Threats and Defense Certificate (Coursera)
- Cybersecurity Operations and Controls Certificate (Coursera)
- Cybersecurity Governance and Compliance Certificate (Coursera)
